May 20, 2000, 10:00 a.m.

At

**Canetti's Seafood Grotto
309 East 22nd Street
San Pedro, CA 90731**

All commercial fisherman are urged to participate in this Coast Guard listening session to view and provide feedback on the Coast Guard's Commercial Fishing Vessel Safety Action Plan.

The session will begin with a presentation by the Coast Guard on the Action Plan. Afterwards, you will have an opportunity to comment on the specifics of the Action Plan. This will be followed by a general comment period pertaining to other possible safety issues affecting the fishing industry. A couple of good examples would be what are the critical safety issues in your region and how the Coast Guard might assist in improving safety in the fishing industry.
